

APPLICATION FOR EMPLOYMENT
MUST BE FILLED OUT COMPLETELY!!

Thank you for your interest in wanting to join our team. I think you will find our approach to hospitality to be different from that of most other operators in the market, and we think this is the secret of our success. Our company has several significant goals:

1. To earn a reputation as the best employer in the area

To achieve this goal, we will hire the most qualified people we can find. We will support their development both within and outside the organization. We will talk to them, listen to them, learn from them, pay them well and demand a lot from them. We believe that only a happy and professional team can give the level of personal service we demand.

2. To operate the most successful operations in the market

Our operation will be exciting, diverse, and profitable. We will consistently deliver on our service guarantee of “100% Legendary guest service” and foster high professional standards. We will provide legendary service; the unique and powerful sort of personal care and attention that our guests tell stories about. We will consistently achieve the highest volumes in the market and have a waiting line when our competitors are half full. We will develop a loyal repeat trade. We will find out what our guests want and be sure they are getting it. We will maintain rigid sanitation standards. We will take the lead in addressing the nutritional concerns of our guests. We will continuously re-examine our operations to stay fresh and responsive to our market while being stimulating to our staff.

3. To maintain a personal working relationship with our staff

We believe that the way to achieve the kind of business environment we want is to create a trusting relationship with our team members. In this atmosphere, both staff and the company can work out difficulties and make decisions together. We can not imagine a problem that we can not effectively resolve among ourselves with out the need of a third party.

4. To have a good time

We recognize that people go out to eat because they are looking for a good time and not just a good meal. We will build fun and lightness into our company in the interest of our collective mental health and peace of mind.

We are not just another food service Company, and we are not looking for just another job applicant. This letter will give you an idea of what to expect:

A. Give this application some thought and take your time with it. Be sure to fill it out completely, even if you enclose your resume. If any question does not apply to you, mark N/A so we know you did not avoid the answer. Food service is a business of details and we will only consider people who share our concerns about the importance of handling all the small points.

B. We will verify all information you give us on the application. Any false information will disqualify you from consideration, no matter how talented you may be. Honesty is always the best policy.... especially if you plan on becoming a part of our team.

C. We will verify all your references. If we cannot check your references we cannot consider you for employment, so be sure you list valid names and phone numbers. Please be sure that everyone you list knows to expect a call from us and has permission to talk with us.

D. We take staff selections very seriously. If you are a final candidate, you can expect several written tests. We may ask you to demonstrate your skills and tell us how you would handle some “sticky situations.” We go to this trouble because our goals and standards are very high. If you are good enough to become a part of our staff, you are truly an outstanding individual.

E. We select qualified applicants for every position. We will not discourage you from applying for any position you feel qualified for. We will make selections based on what strengths you bring to our team and how you fit into our operation style. We are looking for people committed to professional excellence and legendary guest service that will make a positive contribution to our company as long as we choose to work together.

F. We expect you to take an active role in your own success and of your CO-workers. It will be a part of our job responsibility to help train you and your CO-workers for positions of higher skill and responsibility.

G. We will regularly evaluate your performance so you know where you stand and how you are doing. The purpose of this is to assist with your development. We will also be asking your CO-workers to give us their impressions of your work and ask you to do the same of theirs. We also have an independent company doing random reviews to assist us in determining where we can best make improvements for the betterment of our guests, yourself and your CO-workers. We do not keep secrets from one another nor do we ignore unproductive behaviors.

Our success comes from delighting our guest and earning their regular patronage. Everything about our company is focused on achieving this goal. We don't believe in creating any more rules than necessary to ensure that our guests have a great time every time they dine with us. This means that there are no procedures to hide behind and that success is measured by your results rather than by your activities. There is nothing to “get away with.”

Thank you again for your interest and your time. We wish you all the best of luck in the future, whatever direction you take.
